

**Name:** Murali Narayanan V

**Reg No:** 73772127134

**Dept:** Computer Science and Business Systems

**Project Name:** Daily News

## HOME COMPONENT:

The screenshot displays a web browser window with the title 'DAILY NEWS'. The browser's address bar shows 'localhost:4200'. The main content area features a form with the following fields and buttons:

- News Title**: A text input field.
- Author ID**: A text input field.
- Author Name**: A text input field.
- Date**: A text input field.
- Content**: A large text area for news content.
- Buttons**: Five buttons are located at the bottom of the form: 'Add News' (green), 'Update News' (blue), 'Delete News' (red), 'Find News' (yellow), and 'Find All News' (teal).

The browser's taskbar at the bottom shows the Windows logo, a search bar, and various application icons. The system tray on the right indicates the temperature is 91°F, there is light rain, and the date is 06-08-2024.

## INPUT FUNCTIONALITY:

The screenshot shows a web browser window with the address bar at localhost:4200. The page title is 'DAILY NEWS'. The form contains the following fields and values:

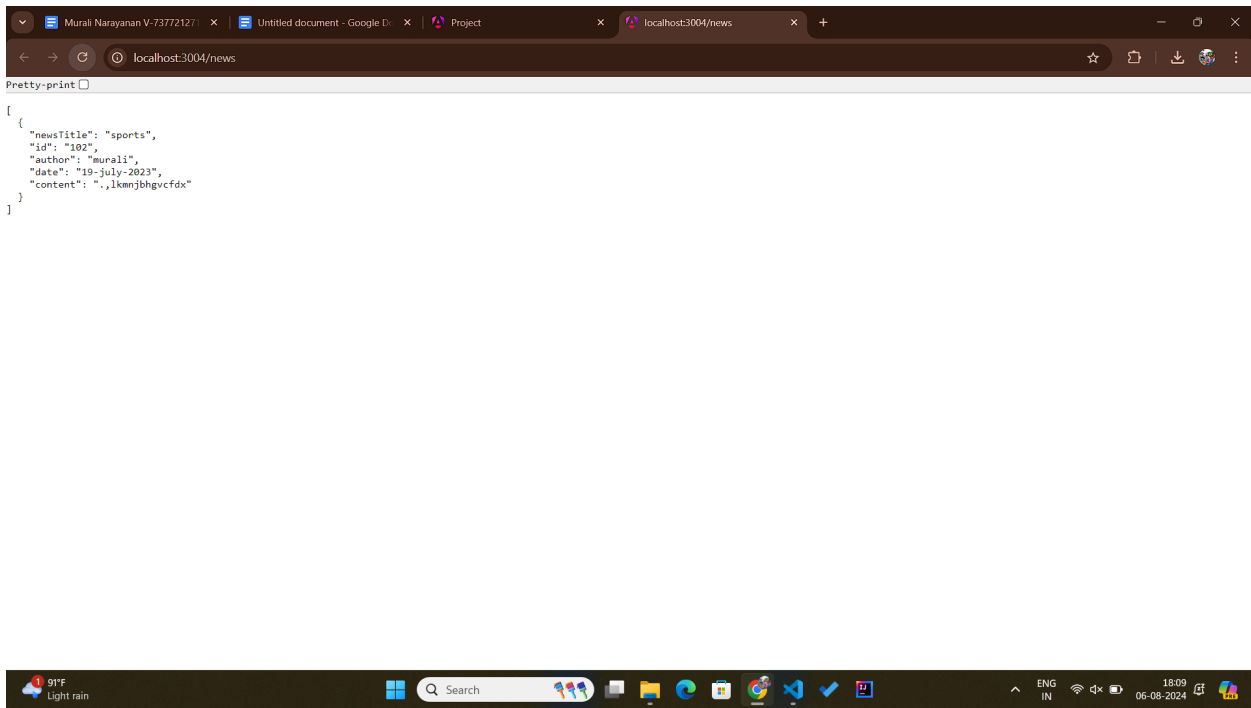

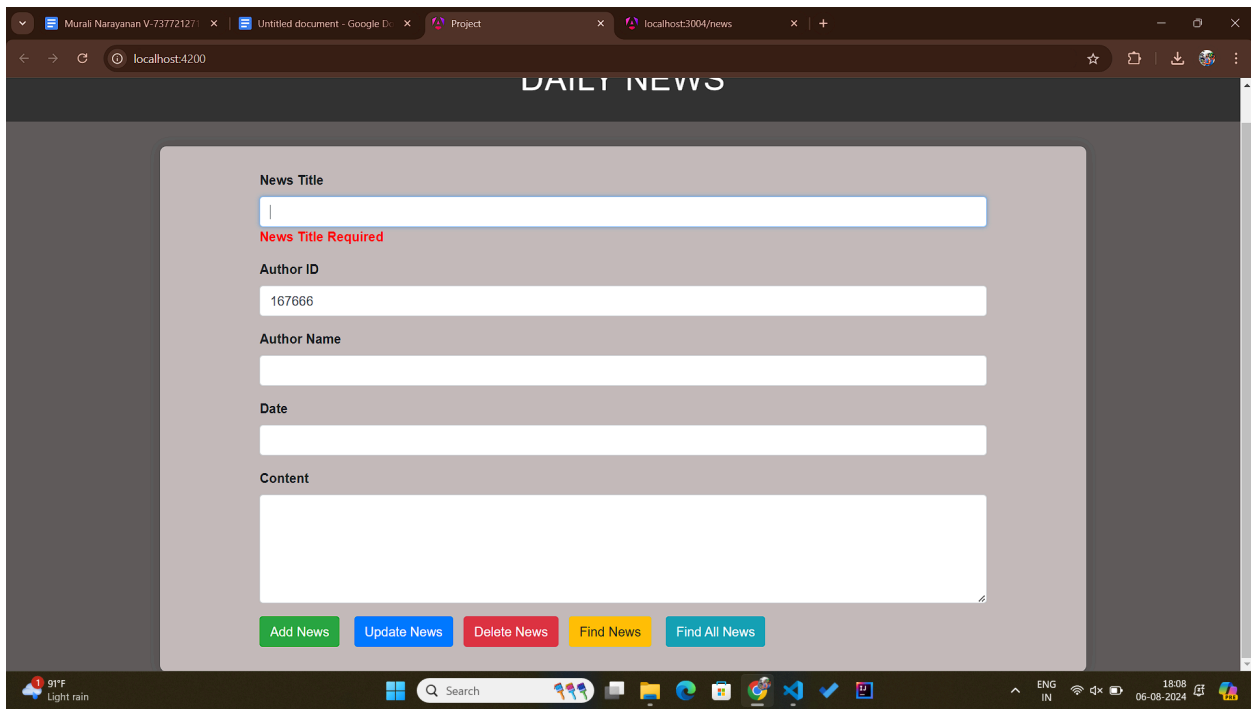

Field	Value
News Title	Entertainment
Author ID	167666
Author Name	Murali Narayanan
Date	01-03-2045
Content	this is my first to news write

At the bottom of the form are five buttons: 'Add News' (green), 'Update News' (blue), 'Delete News' (red), 'Find News' (yellow), and 'Find All News' (teal).

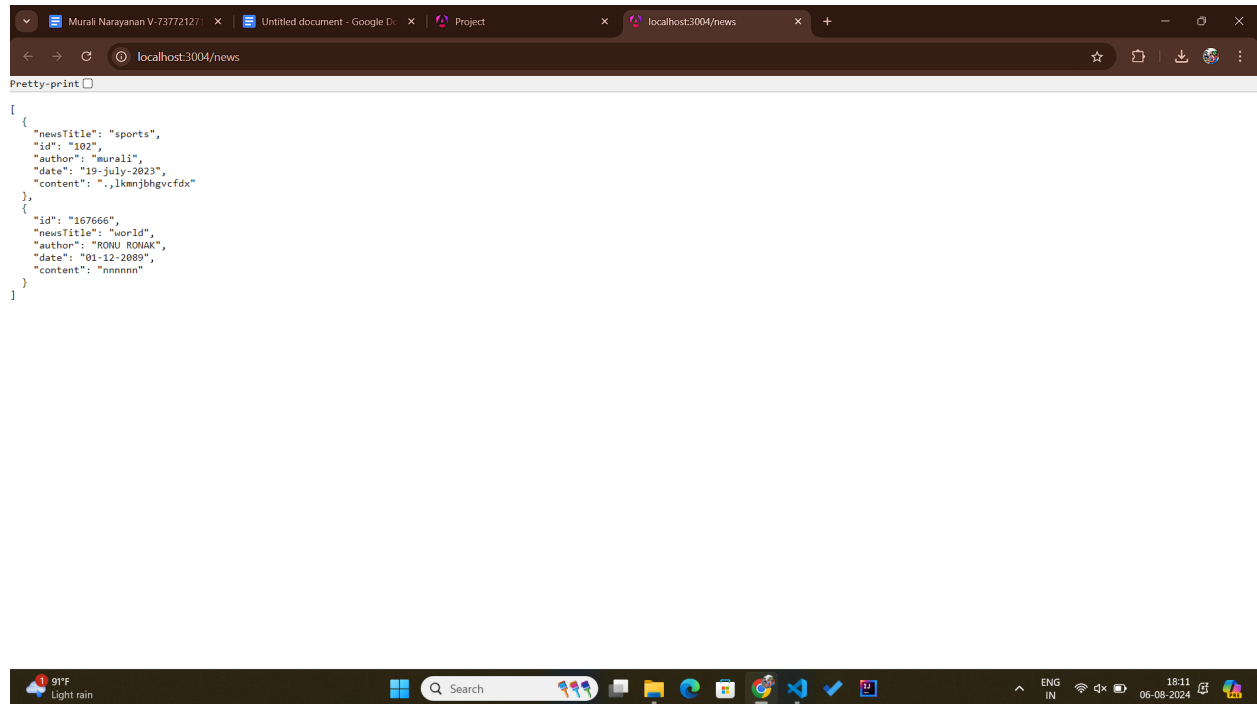

The screenshot shows a web browser window with the address bar at localhost:3004/news. The page displays the JSON data for the news entry in a 'Pretty-print' view:

```
[
  {
    "newsTitle": "sports",
    "id": "182",
    "author": "murali",
    "date": "19-july-2023",
    "content": ".,lkmbjhbvcfdx"
  },
  {
    "id": "167666",
    "newsTitle": "Entertainment",
    "author": "Murali Narayanan",
    "date": "01-03-2045",
    "content": "this is my first to news write"
  },
  {
    "id": "167666",
    "newsTitle": "Entertainment",
    "author": "Murali Narayanan",
    "date": "01-03-2045",
    "content": "this is my first to news write"
  }
]
```

**DELETE FUNCTIONALITY:**

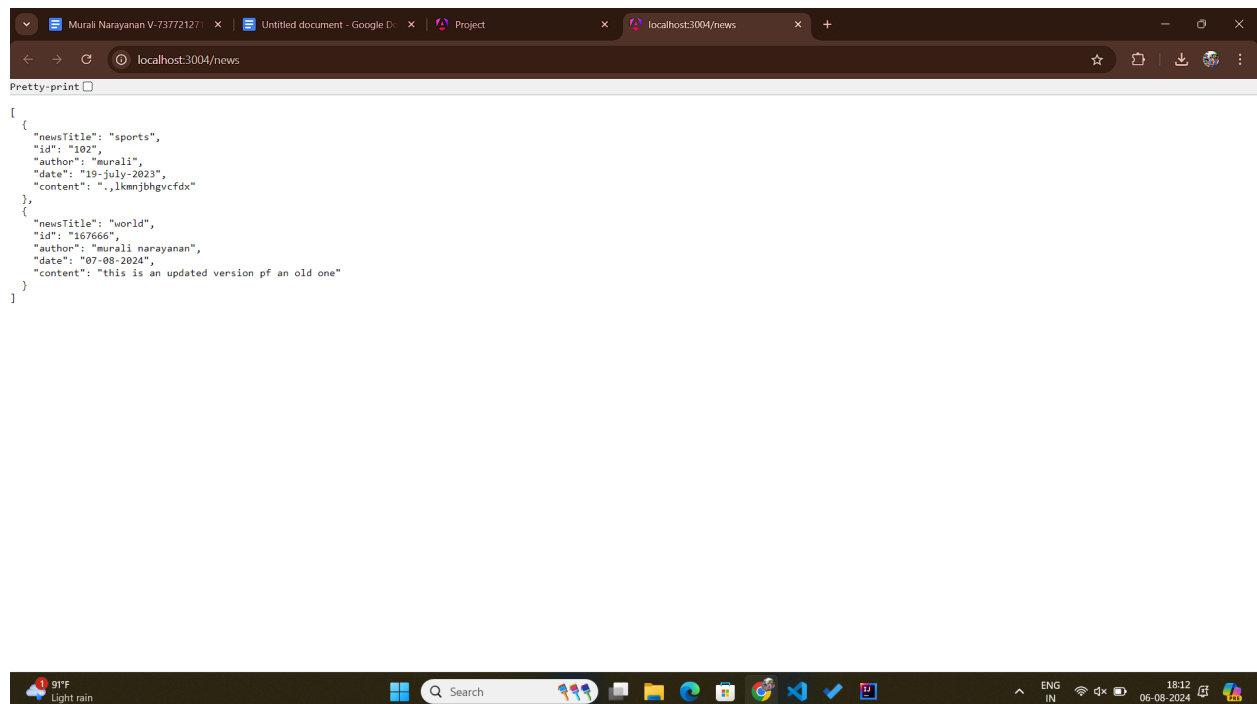

## UPDATE FUNCTIONALITY:

The screenshot shows a web browser window with the address bar set to `localhost:3004/news`. Below the address bar is a "Pretty-print" toggle. The main content area displays a JSON array of two news objects. The first object has an ID of "102", a title of "sports", an author of "murali", a date of "19-july-2023", and a content of ".,lkxnjbhgvfcfx". The second object has an ID of "167666", a title of "world", an author of "RONU ROIAK", a date of "01-12-2009", and a content of "nnnnnn".

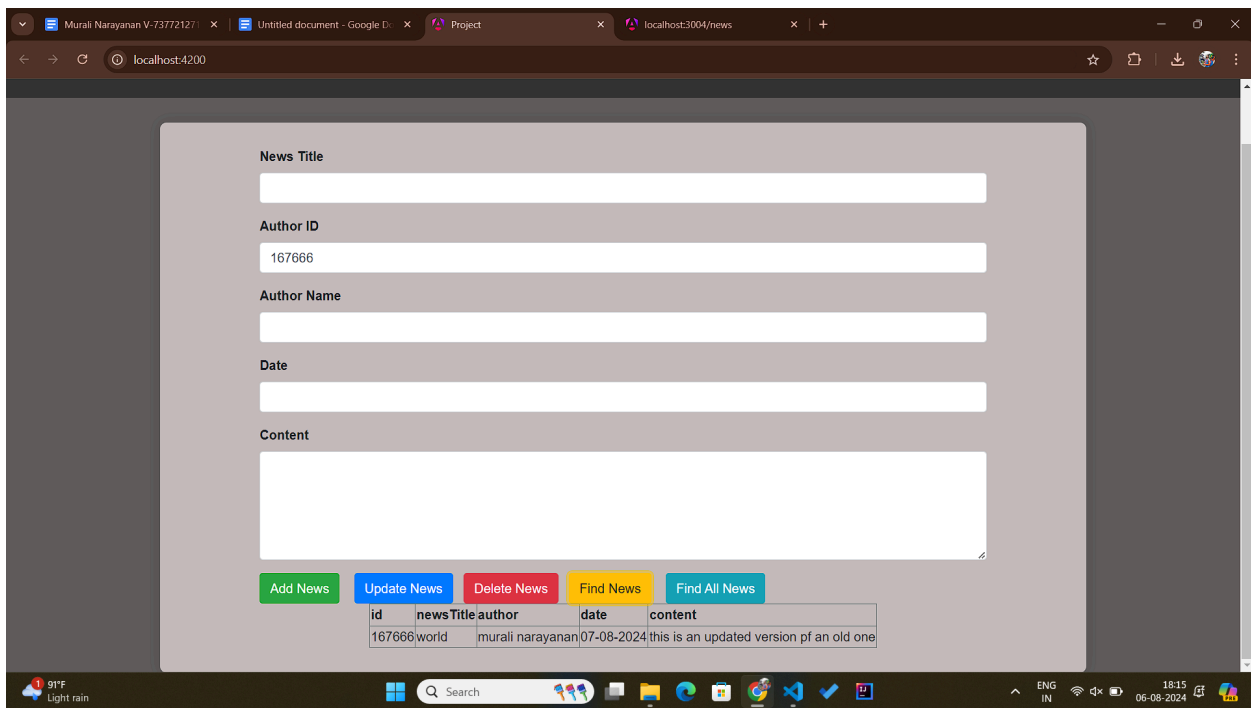

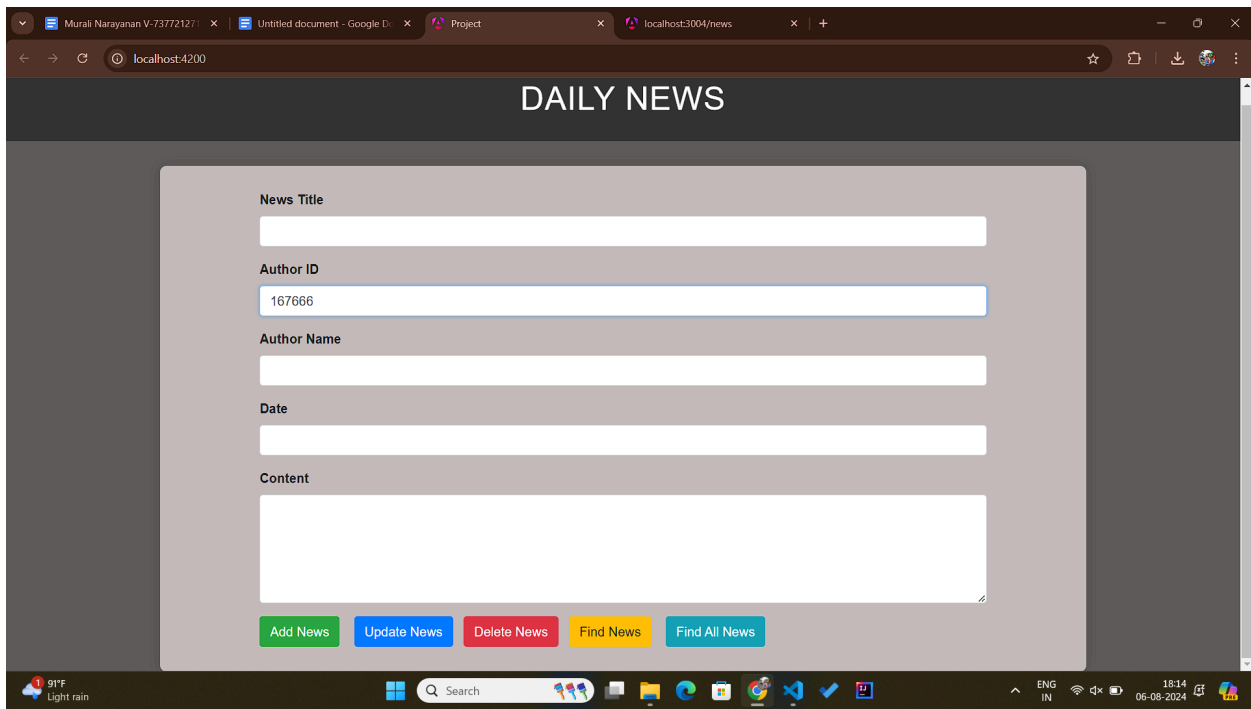

```
[
  {
    "newsTitle": "sports",
    "id": "102",
    "author": "murali",
    "date": "19-july-2023",
    "content": ".,lkxnjbhgvfcfx"
  },
  {
    "id": "167666",
    "newsTitle": "world",
    "author": "RONU ROIAK",
    "date": "01-12-2009",
    "content": "nnnnnn"
  }
]
```

The screenshot shows the same web browser window as above, but the JSON array has been updated. The first object remains the same. The second object now has an ID of "167666", a title of "world", an author of "murali narayanan", a date of "07-08-2024", and a content of "this is an updated version pf an old one".

```
[
  {
    "newsTitle": "sports",
    "id": "102",
    "author": "murali",
    "date": "19-july-2023",
    "content": ".,lkxnjbhgvfcfx"
  },
  {
    "newsTitle": "world",
    "id": "167666",
    "author": "murali narayanan",
    "date": "07-08-2024",
    "content": "this is an updated version pf an old one"
  }
]
```
